| Disclosed: 24 June 2026

| Invercargill City Council

Charges

Section	Row	Clause ref	Category1 Regulated service	Category2 Charge	Category3 Property Use	Category4 Name	Geographic areas	Circumstances	Amount or rate	Amount of charge attributable to the water or wastewater service	Charging basis	Other information
Charges	4	4.9(1-2)	Water supply			Sale of water:						
Charges	5	4.9(1-2)	Water supply	Fixed	Non-residential	Class A: Excess usage by Easement Grantors (by agreement) m3	Any customer	The fee applies only to those who have a metered connection (i.e. have a water meter).	0.0254		Fixed rate per cubic metre of water sold.	
Charges	6	4.9(1-2)	Water supply	Volumetric	Non-residential	Class C: Extraordinary Consumers off Reticulation (non-residential rating units) Annual Consumption m3: 0 to 249	Any customer	The fee applies only to those who have a metered connection, where the first 249 m3 are free allowance.	0		Charged on water use between 0 and 249 cubic metres.	
Charges	7	4.9(1-2)	Water supply	Volumetric	Non-residential	Class C: Extraordinary Consumers off Reticulation (non-residential rating units) Annual Consumption m3: 250 and over	Any customer	The fee applies only to those who have a metered connection (i.e. have a water meter).	2.35		Charged on water use 250 cubic metres and over.	
Charges	8	4.9(1-2)	Water supply	Volumetric	Non-residential	Class D: Southland District Council consumers off Branzholme pipelines m3	Outside the District	The fee applies only to those who have a metered connection (i.e. have a water meter).	4.10		Charged on water use (per cubic metre).	
Charges	9	4.9(1-2)	Water supply	Volumetric	Non-residential	Class G: Bulk water ex waterworks to tankers etc (minimum 8m3)	Any customer	The fee applies to consumers requesting water purchase sales to a non-reticulated system.	4.10		Charged on water sale of minimum 8 cubic metres.	
Charges	10	4.9(1-2)	Water supply			Water Connection Charges:					Note: The physical installation of connections must be completed within one calendar month upon application.	
Charges	11	4.9(1-2)	Water supply	Connection	Combination	Connection application for Ordinary Water Connection (for one property)	Invercargill District	Single property ordinary connection applications for residential or non-residential consumers	735		This fee applies to properties adjacent to water network asset. Note: Ordinary Connections are those for properties which are adjacent to a water network asset.	The charges for single property connection applications cover the Council's costs of processing the application, inspection of the connection size and final sign off of the connection, including associated administration costs. There are also charges for reinspection of the connection. Water connection installation costs are listed separately.
Charges	12	4.9(1-2)	Water supply	Connection	Combination	Ordinary connection application for Water and Sewer or Storm	Invercargill District	Water and sewer or storm connections to the water network asset (ie. 2 ordinary connections requested) for residential or non-residential consumers.	1300	735 - Water 565 - Wastewater	This fee applies to properties adjacent to water network asset. The charges for single property connection applications cover the Council's costs of processing the application, inspection of the connections and final sign off of the connection, including associated administration costs. There are also charges for reinspection of the connection. Water connection installation costs are listed separately. If the second connection is to stormwater (not wastewater), \$565 is allocated to stormwater.	
Charges	13	4.9(1-2)	Water supply	Connection	Combination	Ordinary connection application for Water, Sewer & Storm	Invercargill District	Water, sewer and storm connection to the water network asset (ie. 3 ordinary connections requested) for residential or non-residential consumers.	1530	735 - Water 565 - Wastewater (or Stormwater) 230 - Stormwater (or Wastewater)	This fee applies to properties adjacent to water network asset. The charges for single property connection applications cover the Council's costs of processing the application, inspection of the connections and final sign off of the connection, including associated administration costs. There are also charges for reinspection of the connection. Water connection installation costs are listed separately. The amount allocated to wastewater will depending on which connection (wastewater or stormwater) is installed first. If the wastewater connection is first, \$565 will be allocated to wastewater, and \$230 will be allocated to stormwater. If the stormwater connection is first, then \$565 is allocated to stormwater (and \$230 to wastewater).	
Charges	14	4.9(1-2)	Water supply	Connection	Combination	Reinspection (each)	Invercargill District	Where the initial inspection included in the application fee was unsuccessful. For residential or non-residential consumers.	300	300	This fee applies to properties adjacent to water network asset. This fee covers additional inspections. This could occur more than once i.e. require more than one reinspection.	

Charges	15	4.9(1-2)	Water supply			Water Connections Installations						
			Water supply	Connection	Combination		Invercargill District	Single property connection installation for residential or non-residential consumers.	2460		This fee applies to properties adjacent to water network asset.	The charges for single property connection installation cover the Council's costs of the installation.
Charges	16	4.9(1-2)				25mm dia or smaller - under 6m						
Charges	17	4.9(1-2)	Water supply	Connection	Combination	32 to 50mm dia inclusive - under 6m (excluding backflow)	Invercargill District	Single property connection installation for residential or non-residential consumers.	2800		This fee applies to properties adjacent to water network asset.	The charges for single property connection installation cover the Council's costs of the installation.
Charges	18	4.9(1-2)	Water supply	Connection	Combination	25mm dia or smaller - 6m to 13m (excluding backflow)	Invercargill District	Single property connection installation for residential or non-residential consumers.	3220		This fee applies to properties adjacent to water network asset.	The charges for single property connection installation cover the Council's costs of the installation.
Charges	19	4.9(1-2)	Water supply	Connection	Combination	32 to 50mm dia inclusive - 6m to 13m (excluding backflow)	Invercargill District	Single property connection installation for residential or non-residential consumers.	3620		This fee applies to properties adjacent to water network asset.	The charges for single property connection installation cover the Council's costs of the installation.
Charges	20	4.9(1-2)	Water supply	Connection	Combination	75mm dia High-Density Polyethylene (HDPE) pipework - under 6m (excluding backflow)	Invercargill District	Single property connection installation for residential or non-residential consumers.	13790		This fee applies to properties adjacent to water network asset.	The charges for single property connection installation cover the Council's costs of the installation.
Charges	21	4.9(1-2)	Water supply	Connection	Combination	100mm dia High-Density Polyethylene (HDPE) pipework - under 6m (excluding backflow)	Invercargill District	Single property connection installation for residential or non-residential consumers.	14030		This fee applies to properties adjacent to water network asset.	The charges for single property connection installation cover the Council's costs of the installation.
Charges	22	4.9(1-2)	Water supply	Connection	Combination	150mm dia High-Density Polyethylene (HDPE) pipework - under 6m (excluding backflow)	Invercargill District	Single property connection installation for residential or non-residential consumers.	16610		This fee applies to properties adjacent to water network asset.	The charges for single property connection installation cover the Council's costs of the installation.
Charges	23	4.9(1-2)	Water supply	Connection	Combination	75mm dia High-Density Polyethylene (HDPE) pipework - 6m to 13m (excluding backflow)	Invercargill District	Single property connection installation for residential or non-residential consumers.	17130		This fee applies to properties adjacent to water network asset.	The charges for single property connection installation cover the Council's costs of the installation.
Charges	24	4.9(1-2)	Water supply	Connection	Combination	100mm dia High-Density Polyethylene (HDPE) pipework - 6m to 13m (excluding backflow)	Invercargill District	Single property connection installation for residential or non-residential consumers.	17620		This fee applies to properties adjacent to water network asset.	The charges for single property connection installation cover the Council's costs of the installation.
Charges	25	4.9(1-2)	Water supply	Connection	Combination	150mm dia High-Density Polyethylene (HDPE) pipework - 6m to 13m (excluding backflow)	Invercargill District	Single property connection installation for residential or non-residential consumers.	22130		This fee applies to properties adjacent to water network asset.	The charges for single property connection installation cover the Council's costs of the installation.
Charges	26	4.9(1-2)	Water supply	Connection	Combination	Bluff Supply Main - 20 to 25mm dia - under 6m (excluding backflow)	Invercargill District	Single property connection installation for residential or non-residential consumers.	3050		This fee applies to properties adjacent to water network asset.	The charges for single property connection installation cover the Council's costs of the installation.
Charges	27	4.9(1-2)	Water supply	Connection	Combination	Bluff Supply Main - 32 to 50mm dia - under 6m (excluding backflow)	Invercargill District	Single property connection installation for residential or non-residential consumers.	3380		This fee applies to properties adjacent to water network asset.	The charges for single property connection installation cover the Council's costs of the installation.
Charges	28	4.9(1-2)	Water supply	Connection	Combination	Bluff Supply Main - 20 to 25mm dia - 6m - 13m (excluding backflow)	Invercargill District	Single property connection installation for residential or non-residential consumers.	3810		This fee applies to properties adjacent to water network asset.	The charges for single property connection installation cover the Council's costs of the installation.
Charges	29	4.9(1-2)	Water supply	Connection	Combination	Bluff Supply Main - 32 to 50mm dia - 6m to 13m (excluding backflow)	Invercargill District	Single property connection installation for residential or non-residential consumers.	3860		This fee applies to properties adjacent to water network asset.	The charges for single property connection installation cover the Council's costs of the installation.
Charges	30	4.9(1-2)	Water supply	Connection	Combination	Extraordinary connection	Invercargill District	Extraordinary connections for residential or non-residential properties, including multiple property subdivisions and properties not adjacent to a water, stormwater or sewerage network asset.	Hourly rate (\$130-\$650 plus GST) - dependent on consultants required. Council officer time will be charged at the Corporate Rates. A quote will be provided before work proceeds.	variable based on application	Extraordinary connections (including multiple property subdivisions and properties not adjacent to a water, stormwater or sewerage network asset) which require additional work or extension of the core network are charged on an hourly rate basis as the fee will depend on the circumstances and the scope of work required. Note: Extraordinary Connections are those for properties which are not adjacent to a water network asset.	The charge will include application costs, engineering review, network modelling review, legal review, any other technical review identified as required, connection installation costs (if water) and core network extension costs, inspections and final sign off of connections, including associated administration costs. Installation costs will vary significantly with the extent of work required and whether extension of the core network is required.
Charges	31	4.9(1-2)	Water supply			Backflow Prevention Fees (High Risk – Reducing Pressure Zone Values by size/ Medium risk – Double Check Valves by size)					Note: All connections per property (noting that in most circumstances high and medium risk assessments apply to commercial/ industrial and/or subdivisions and not individual properties)	
Charges	32	4.9(1-2)	Water supply			RPZ (Reducing Pressure Zone) Valves:						

Charges	33	4.9(1-2)	Water supply	Connection	Combination	20mm RPZ	Invercargill District	This fee is payable if the connection is considered a high risk to the water system.	3060	This fee applies to properties adjacent to water network asset.	This includes the set up administration, installation and final sign off and sign off administration activities.
Charges	34	4.9(1-2)	Water supply	Connection	Combination	25mm RPZ	Invercargill District	This fee is payable if the connection is considered a high risk to the water system.	4320	This fee applies to properties adjacent to water network asset.	This includes the set up administration, installation and final sign off and sign off administration activities.
Charges	35	4.9(1-2)	Water supply	Connection	Combination	32mm RPZ	Invercargill District	This fee is payable if the connection is considered a high risk to the water system.	5500	This fee applies to properties adjacent to water network asset.	This includes the set up administration, installation and final sign off and sign off administration activities.
Charges	36	4.9(1-2)	Water supply	Connection	Combination	40mm RPZ	Invercargill District	This fee is payable if the connection is considered a high risk to the water system.	5730	This fee applies to properties adjacent to water network asset.	This includes the set up administration, installation and final sign off and sign off administration activities.
Charges	37	4.9(1-2)	Water supply	Connection	Combination	50mm RPZ	Invercargill District	This fee is payable if the connection is considered a high risk to the water system.	6070	This fee applies to properties adjacent to water network asset.	This includes the set up administration, installation and final sign off and sign off administration activities.
Charges	38	4.9(1-2)	Water supply	Connection	Combination	80mm RPZ	Invercargill District	This fee is payable if the connection is considered a high risk to the water system.	21680	This fee applies to properties adjacent to water network asset.	This includes the set up administration, installation and final sign off and sign off administration activities.
Charges	39	4.9(1-2)	Water supply	Connection	Combination	100mm RPZ	Invercargill District	This fee is payable if the connection is considered a high risk to the water system.	26680	This fee applies to properties adjacent to water network asset.	This includes the set up administration, installation and final sign off and sign off administration activities.
Charges	40	4.9(1-2)	Water supply	Connection	Combination	RPZ testing (one off and/or annual)	Invercargill District	This is an annual certification fee for the testing and certification of RPZ.	300	This fee applies to properties adjacent to water network asset.	This includes the administration activities.
Charges	41	4.9(1-2)	Water supply			DCV (Double Check Valve):					
Charges	42	4.9(1-2)	Water supply	Connection	Combination	20mm DCV Above Ground	Invercargill District	This fee is payable if the connection is considered a medium risk to the water system.	3980	This fee applies to properties adjacent to water network asset.	This includes the administration, installation and final sign off and sign off administration activities.
Charges	43	4.9(1-2)	Water supply	Connection	Combination	25mm DCV Above Ground	Invercargill District	This fee is payable if the connection is considered a medium risk to the water system.	4180	This fee applies to properties adjacent to water network asset.	This includes the administration, installation and final sign off and sign off administration activities.
Charges	44	4.9(1-2)	Water supply	Connection	Combination	32mm DCV Above Ground	Invercargill District	This fee is payable if the connection is considered a medium risk to the water system.	5430	This fee applies to properties adjacent to water network asset.	This includes the administration, installation and final sign off and sign off administration activities.
Charges	45	4.9(1-2)	Water supply	Connection	Combination	40mm DCV Above Ground	Invercargill District	This fee is payable if the connection is considered a medium risk to the water system.	6160	This fee applies to properties adjacent to water network asset.	This includes the administration, installation and final sign off and sign off administration activities.
Charges	46	4.9(1-2)	Water supply	Connection	Combination	50mm DCV Above Ground	Invercargill District	This fee is payable if the connection is considered a medium risk to the water system.	6280	This fee applies to properties adjacent to water network asset.	This includes the administration, installation and final sign off and sign off administration activities.
Charges	47	4.9(1-2)	Water supply	Connection	Combination	80mm DCV Above Ground	Invercargill District	This fee is payable if the connection is considered a medium risk to the water system.	20370	This fee applies to properties adjacent to water network asset.	This includes the administration, installation and final sign off and sign off administration activities.
Charges	48	4.9(1-2)	Water supply	Connection	Combination	100mm DCV Above Ground	Invercargill District	This fee is payable if the connection is considered a medium risk to the water system.	23680	This fee applies to properties adjacent to water network asset.	This includes the administration, installation and final sign off and sign off administration activities.
Charges	49	4.9(1-2)	Water supply	Connection	Combination	DCV Testing (one off and/or annual)	Invercargill District	This is an annual certification fee for the testing and certification of DCV.	300	This fee applies to properties adjacent to water network asset.	This includes administration activities.
Charges	50	4.9(1-2)	Water supply			Disconnection Fee					
Charges	51	4.9(1-2)	Water supply	Connection	Combination	Up to and including 50mm each	Invercargill District	Disconnection of existing water connection off the main.	1790	This fee includes the disconnection of existing water connection off the main.	Fee includes administration, disconnection work plus inspection, and final sign off.
Charges	52	4.9(1-2)	Water supply	Connection	Combination	Above 50mm	Invercargill District	Disconnection of existing water connection off the main.	Max cost \$4000 plus GST	This fee includes the disconnection of existing water connection off the main.	Fee includes administration, disconnection work plus inspection, and final sign off.
Charges	53	4.9(1-2)	Water supply	Connection	Combination	Service connection flow test (each)	Invercargill District	Carry out flow tests requested by the property owner.	1110	This fee is to carry out flow tests requested by the property owner. It includes the physical works to uncover the pipework and carry out testing, including administration activities.	

Charges	54	4.9(1-2)	Water supply	Multiple Property Subdivision							
Charges	55	4.9(1-2)	Mixed connection and growth	Combination	Engineering review (hourly rate charge based on application) (Ordinary and Extraordinary Connections)	Invercargill District	This fee applies to subdivision resource consents.	225 per hour	variable based on application	This fee is based on the scope of work required to complete the technical review. This fee is applicable to both ordinary and extraordinary connections within the Invercargill District.	This was previously included in the Engineering Plans fees under Resource Management.
Charges	56	4.9(1-2)	Mixed connection and growth	Combination	Network Modelling and Review (Extraordinary Connections)	Invercargill District	This fee applies to complex subdivisions resource consents.	Hourly rate (\$130-\$650 plus GST) - dependent on consultants required. Council officer time will be charged at the Corporate Rates. A quote will be provided before work proceeds.	variable based on application	This fee applies to complex subdivisions resource consents, where external consultants (modelling and or legal) are required to be used to review the proposal. This fee is applicable to extraordinary connections within the Invercargill District.	Fee includes both the cost of the consultant and administrative costs. This was previously included in the Engineering Plans fees under Resource Management.
Charges	57	4.9(1-2)			Local Government (Water Service) Act 2025 - Offences relating to water supply network					Penalties and offences under the Local Government (Water Services) Act 2025 came into force on 27 August 2025.	
Charges	58	4.9(1-2)	Other	Combination	Section 269 - Bylaw may provide for infringement offences	Invercargill District	As per Local Government (Water Services) Act 2025.	fine not exceeding \$1,000 / fine not exceeding \$3,000		As per Legislative Requirements	Administration charges associated with the enforcement of these penalties may apply charged by hourly rate (Corporate fees).
Charges	59	4.9(1-2)	Other	Combination	Section 307 - Carrying out building work over or near water services infrastructure without approval	Invercargill District	As per Local Government (Water Services) Act 2025.	fine not exceeding \$20,000 / fine not exceeding \$200,000		As per Legislative Requirements	Administration charges associated with the enforcement of these penalties may apply charged by hourly rate (Corporate fees).
Charges	60	4.9(1-2)	Other	Combination	Section 308 - Engaging in conduct relating to water supply network that causes specified serious risk	Invercargill District	As per Local Government (Water Services) Act 2025.	Imprisonment not exceeding 2 years or fine up to \$75,000 (or both) / fine not exceeding \$1.5 million		As per Legislative Requirements	Administration charges associated with the enforcement of these penalties may apply charged by hourly rate (Corporate fees).
Charges	61	4.9(1-2)	Other	Combination	Section 309 - Negligently engaging in conduct relating to water supply network that causes specified serious risk	Invercargill District	As per Local Government (Water Services) Act 2025.	fine not exceeding \$50,000 / fine not exceeding \$1 million		As per Legislative Requirements	Administration charges associated with the enforcement of these penalties may apply charged by hourly rate (Corporate fees).
Charges	62	4.9(1-2)	Other	Combination	Section 310 - Discharging into water supply network without authorisation	Invercargill District	As per Local Government (Water Services) Act 2025.	fine not exceeding \$50,000 / fine not exceeding \$500,000		As per Legislative Requirements	Administration charges associated with the enforcement of these penalties may apply charged by hourly rate (Corporate fees).
Charges	63	4.9(1-2)	Other	Combination	Section 311 - Connecting to or disconnecting from water supply network or supplying water to another person without authorisation	Invercargill District	As per Local Government (Water Services) Act 2025.	fine not exceeding \$50,000 / fine not exceeding \$500,000		As per Legislative Requirements	Administration charges associated with the enforcement of these penalties may apply charged by hourly rate (Corporate fees).
Charges	64	4.9(1-2)	Other	Combination	Section 324 - Carrying out work on or in relation to water supply network, wastewater network, or stormwater network without authorisation	Invercargill District	As per Local Government (Water Services) Act 2025.	fine not exceeding \$100,000 / fine not exceeding \$500,000		As per Legislative Requirements	Administration charges associated with the enforcement of these penalties may apply charged by hourly rate (Corporate fees).
Charges	65	4.9(1-2)	Other	Combination	Section 325 - Breach of source water risk management plan or permit	Invercargill District	As per Local Government (Water Services) Act 2025.	fine not exceeding \$20,000 / fine not exceeding \$100,000		As per Legislative Requirements	Administration charges associated with the enforcement of these penalties may apply charged by hourly rate (Corporate fees).
Charges	66	4.9(1-2)	Other	Combination	Section 327 - Failure to comply with water services bylaw relating to equipment or device: failure causes specified serious risk	Invercargill District	As per Local Government (Water Services) Act 2025.	fine not exceeding \$20,000 / fine not exceeding \$200,000		As per Legislative Requirements	Administration charges associated with the enforcement of these penalties may apply charged by hourly rate (Corporate fees).
Charges	67	4.9(1-2)	Other	Combination	Section 328 - Failure to notify water service provider of notifiable risk or hazard: failure causes specified serious risk	Invercargill District	As per Local Government (Water Services) Act 2025.	fine not exceeding \$20,000 / fine not exceeding \$200,000		As per Legislative Requirements	Administration charges associated with the enforcement of these penalties may apply charged by hourly rate (Corporate fees).
Charges	68	4.9(1-2)	Other	Combination	Section 329 - Failure to comply with water use restriction or limit	Invercargill District	As per Local Government (Water Services) Act 2025.	fine not exceeding \$20,000 / fine not exceeding \$100,000		As per Legislative Requirements	Administration charges associated with the enforcement of these penalties may apply charged by hourly rate (Corporate fees).
Charges	69	4.9(1-2)	Other	Combination	Section 330 - Breach of bylaw relating to undertaking specified classes of work near, under, or above water supply network, wastewater network, or stormwater network	Invercargill District	As per Local Government (Water Services) Act 2025.	fine not exceeding \$20,000 / fine not exceeding \$200,000		As per Legislative Requirements	Administration charges associated with the enforcement of these penalties may apply charged by hourly rate (Corporate fees).
Charges	70	4.9(1-2)	Other	Combination	Section 331 - Failure to comply with direction given by compliance officer	Invercargill District	As per Local Government (Water Services) Act 2025.	fine not exceeding \$75,000 / fine not exceeding \$300,000		As per Legislative Requirements	Administration charges associated with the enforcement of these penalties may apply charged by hourly rate (Corporate fees).
Charges	71	4.9(1-2)	Other	Combination	Section 332 - Failure to comply with compliance order or court order	Invercargill District	As per Local Government (Water Services) Act 2025.	fine not exceeding \$75,000 / fine not exceeding \$300,000		As per Legislative Requirements	Administration charges associated with the enforcement of these penalties may apply charged by hourly rate (Corporate fees).

Charges	72	4.9(1-2)	Water supply	Other	Combination	Section 333 - Tampering with water meter	Invercargill District	As per Local Government (Water Services) Act 2025.	fine not exceeding \$50,000 / fine not exceeding \$200,000	As per Legislative Requirements	Administration charges associated with the enforcement of these penalties may apply charged by hourly rate (Corporate fees).
Charges	73	4.9(1-2)	Water supply	Other	Combination	Section 334 - Intentionally hindering or obstructing employee or agent of territorial authority or water organisation	Invercargill District	As per Local Government (Water Services) Act 2025.	fine not exceeding \$10,000 / fine not exceeding \$250,000	As per Legislative Requirements	Administration charges associated with the enforcement of these penalties may apply charged by hourly rate (Corporate fees).
Charges	74	4.9(1-2)	Water supply	Other	Combination	Section 335 - Intentionally threatening or assaulting employee or agent of territorial authority or water organisation	Invercargill District	As per Local Government (Water Services) Act 2025.	fine not exceeding \$50,000 / fine not exceeding \$250,000	As per Legislative Requirements	Administration charges associated with the enforcement of these penalties may apply charged by hourly rate (Corporate fees).
Charges	75	4.9(1-2)	Water supply	Other	Combination	Section 336 - Pretending to be compliance officer, employee, agent, or warrant holder of territorial authority or water organisation	Invercargill District	As per Local Government (Water Services) Act 2025.	fine not exceeding \$50,000 / fine not exceeding \$250,000	As per Legislative Requirements	Administration charges associated with the enforcement of these penalties may apply charged by hourly rate (Corporate fees).
Charges	76	4.9(1-2)	Water supply			Corporate fees					
Charges	77	4.9(1-2)	Water supply	Other	Combination	Executive Staff (per hour)	Invercargill District	As required	303	Hourly rates	Corporate fees cover a range of administrative and professional service costs, including hourly rates for Council officers at different skill and seniority levels, as well as charges for photocopying and travel.
Charges	78	4.9(1-2)	Water supply	Other	Combination	Managers and team leaders (per hour)	Invercargill District	As required	265	Hourly rates	Corporate fees cover a range of administrative and professional service costs, including hourly rates for Council officers at different skill and seniority levels, as well as charges for photocopying and travel.
Charges	79	4.9(1-2)	Water supply	Other	Combination	Professional and technical staff (per hour)	Invercargill District	As required	226	Hourly rates	Corporate fees cover a range of administrative and professional service costs, including hourly rates for Council officers at different skill and seniority levels, as well as charges for photocopying and travel.
Charges	80	4.9(1-2)	Water supply	Other	Combination	Administrative staff (per hour)	Invercargill District	As required	122	Hourly rates	Corporate fees cover a range of administrative and professional service costs, including hourly rates for Council officers at different skill and seniority levels, as well as charges for photocopying and travel.
Charges	81	4.9(1-2)	Water supply	Other	Combination	Photocopying - A4 black & white	Invercargill District	As required	0.4	Charge per page	Corporate fees cover a range of administrative and professional service costs, including hourly rates for Council officers at different skill and seniority levels, as well as charges for photocopying and travel.
Charges	82	4.9(1-2)	Water supply	Other	Combination	Photocopying - A4 colour	Invercargill District	As required	0.7	Charge per page	Corporate fees cover a range of administrative and professional service costs, including hourly rates for Council officers at different skill and seniority levels, as well as charges for photocopying and travel.
Charges	83	4.9(1-2)	Water supply	Other	Combination	Photocopying - A3 black & white	Invercargill District	As required	0.6	Charge per page	Corporate fees cover a range of administrative and professional service costs, including hourly rates for Council officers at different skill and seniority levels, as well as charges for photocopying and travel.
Charges	84	4.9(1-2)	Water supply	Other	Combination	Photocopying - A3 colour	Invercargill District	As required	1.1	Charge per page	Corporate fees cover a range of administrative and professional service costs, including hourly rates for Council officers at different skill and seniority levels, as well as charges for photocopying and travel.
Charges	85	4.9(1-2)	Water supply	Other	Combination	Travel per km - Petrol	Invercargill District	As required	1.17	Rate set by IRD for 2024-2025 income year for business motor vehicle expenditure claims. The rate is a combination of the vehicle's fixed and running costs. Rates reflect an overall increase in vehicle running costs largely due to fuel costs	Corporate fees cover a range of administrative and professional service costs, including hourly rates for Council officers at different skill and seniority levels, as well as charges for photocopying and travel.
Charges	86	4.9(1-2)	Water supply	Other	Combination	Travel per km - Diesel	Invercargill District	As required	1.26	Rate set by IRD for 2024-2025 income year for business motor vehicle expenditure claims. The rate is a combination of the vehicle's fixed and running costs. Rates reflect an overall increase in vehicle running costs largely due to fuel costs	Corporate fees cover a range of administrative and professional service costs, including hourly rates for Council officers at different skill and seniority levels, as well as charges for photocopying and travel.

Charges	87	4.9(1-2)	Water supply	Other	Combination	Travel per km - Petrol Hybrid	Invercargill District	As required	0.86			Rate set by IRD for 2024-2025 income year for business motor vehicle expenditure claims. The rate is a combination of the vehicle's fixed and running costs.
